

Coherent Corp. to Unveil PhotonLink™ Platform at ECOC on September 21, 2026

August 25, 2026

SAXONBURG, Pa., Aug. 25, 2026 (GLOBE NEWSWIRE) -- Coherent Corp. (NYSE: COHR) ("Coherent," "We," or the "Company"), a global leader in photonics, announced today that it will unveil **Coherent PhotonLink™** at the 2026 European Conference on Optical Communication (ECOC), Europe's largest and most prestigious event for optical communications, fiber optics, and photonics.

Coherent PhotonLink™ is an unparalleled new platform for integrated optics spanning the complete optical signal chain from light generation and beam shaping through transmission, detection, and conversion back to an electrical signal for the xPU or switch chip. **Coherent PhotonLink™** supports CPO, NPO, and other forms of optical integration. The groundbreaking new platform leverages the breadth of Coherent's photonic technology portfolio and manufacturing capabilities to enable next-generation datacenter architectures that use optical links to achieve new levels of bandwidth, performance, and energy efficiency.
